

# Anodic and Cathodic Polarization of 1018 Mild Steel and 304 Stainless Steel

MSE 130: Experimental Materials Science and Design

Jonathan Lee

Department of Materials Science and Engineering  
University of California, Berkeley

12 October 2020

## Contents

- 1 Abstract
- 2 Introduction
- 3 Experimental Procedure
- 4 Results
- 5 Discussion
- 6 Conclusions
- 7 Acknowledgments
- 8 Appendices
